HOSPICE VOLUNTEER WINS REGIONAL AWARD

Jeanne Gormick, director of volunteers for Tustin-based OC Hospice, won the annual Kathy Shreves Hospice Volunteer Administrator Award.

Gormick received the award Oct. 16 during a Yucaipa retreat for the Hospice Volunteers Manager Association of Southern California.

The award was introduced in 2008 in memory of Kathy Shreves, a founding association member who lost a battle with cancer. The association developed the award to honor a professional who exemplifies the highest principles in the field of hospice volunteer administration.

As the honoree, Gormick received a plaque and a check for her OC Hospice volunteer department.

LOCAL MAN HELPS RENOVATE HOME

Michael Meyer – a Tustin resident and board member with Miracles for Kids – joined more than 200 volunteers, city officials, local construction companies and members of Institute of

Real Estate Management to help renovate Miracle Manor.

The nonprofit Miracles for Kids is building Miracle Manor to provide a home for 12 families with children facing life-threatening illnesses who are receiving treatment at neighboring Children's Hospital of Orange County.

The volunteers gathered Oct. 17 at Miracle Manor for a ceremonial tree planting to kick off a community garden. They also painted murals, installed closets, built IKEA furniture, framed family pictures and added other special touches.

Thanks to volunteers and supporters, renovations valued at more than \$1 million are being completed at a significantly reduced cost to the organization.
